

CASELABS

Mercury Pedestal Assembly Manual

Step 1.

- Locate the front chassis section, and remove the front cover by lifting up each corner.

- Locate the top chassis section, and join the two parts as shown with the countersink screws

Step 2.

- Locate the bottom chassis section, and join the part as shown.

Step 3.

- Locate the rear chassis section, and notice the “T” which identifies the top of the part.

- Join the rear chassis section as shown. Note that the “T” is joined to the top chassis section.

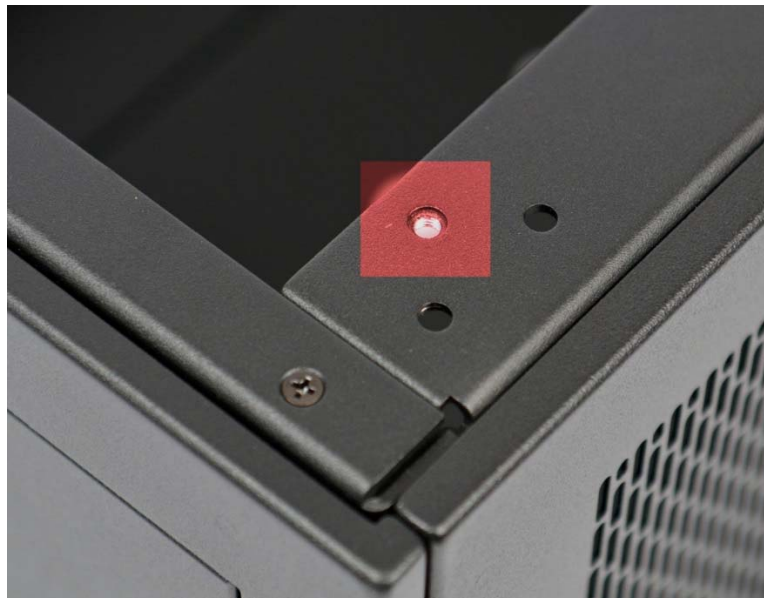

Step 4.

- Locate the side covers and snap them into place as shown. The front cover may also be reinstalled.

Step 5.

- The Pedestal attaches to the case via the four 10/32 screws and the threads on top of the Pedestal.

END.
